

RSMC Tokyo and Chair of WMG

SHARING OF FORECAST PRODUCTS AND INFORMATION

AWG Annual Report 2015

Appendix B

- MEETING OF ADVISORY WORKING GROUP Kuala Lumpur, Malaysia, 28 October 2015
 - Agenda item 1.6 - Sharing of forecast products and information
 - RSMC Tokyo to work with WGM Chair to review needs and requirements for reporting back at TC48
- Originally requested at TC-47 as
 - Explore ways to share new information, data and forecast products among Members

Useful Products

- WGM ,WGH, WGD RR Members operate a variety of websites providing useful products for the Typhoon Committee Members.
 - For example, WGM Members operate the following websites.
 - WMO-TLFDP website (CMA)
 - NWP-SCS website (CMA)
 - WMO SWIC website (HKO)
 - WMO World Weather Information Service (HKO)
 - Himawari Real-Time Image (JMA)
 - RSMC Tokyo Numerical Typhoon Prediction Website (JMA)
 - WIS Portal by GISC Tokyo incl. SATAID Service (JMA)
 - Typhoon Seasonal forecast website (KMA)
 - NWP-TCEFP website (MRI/JMA)
 - WMO Severe Weather Demonstration project-SeA website (NHMS of Vietnam)
- and more ...

Proposal

- ⦿ Establish a list

- TCS requests Members (WGM, WGH, and WGDRR) to provide a list of links to their information, data and forecast products to be shared

- ⦿ Set up a portal site at TCS

- TCS sets up and will maintain a portal site
- Members are requested to provide their feedback for improvement
